To whom it may concern:

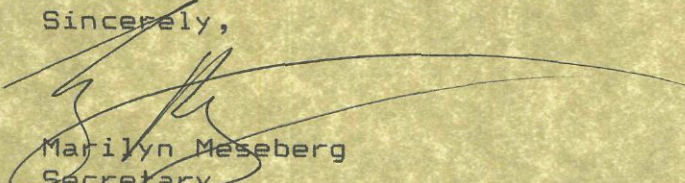

Enclosed is our application for a water right. We are a group of four families who each own 5 acre pieces who hope to build homes for our own personal use. Additionally we as a group have purchased 3 more 5-acre pieces.

Our intent is to supply water to these 7 lots and to 1 neighbor who has requested to help us with the well in return for water for his single dwelling.

The point of diversion is located on Mark Bailey's property. He is a member of Curlew Crest and will be giving an easement to the group's association for access to the well. The group owns the well.

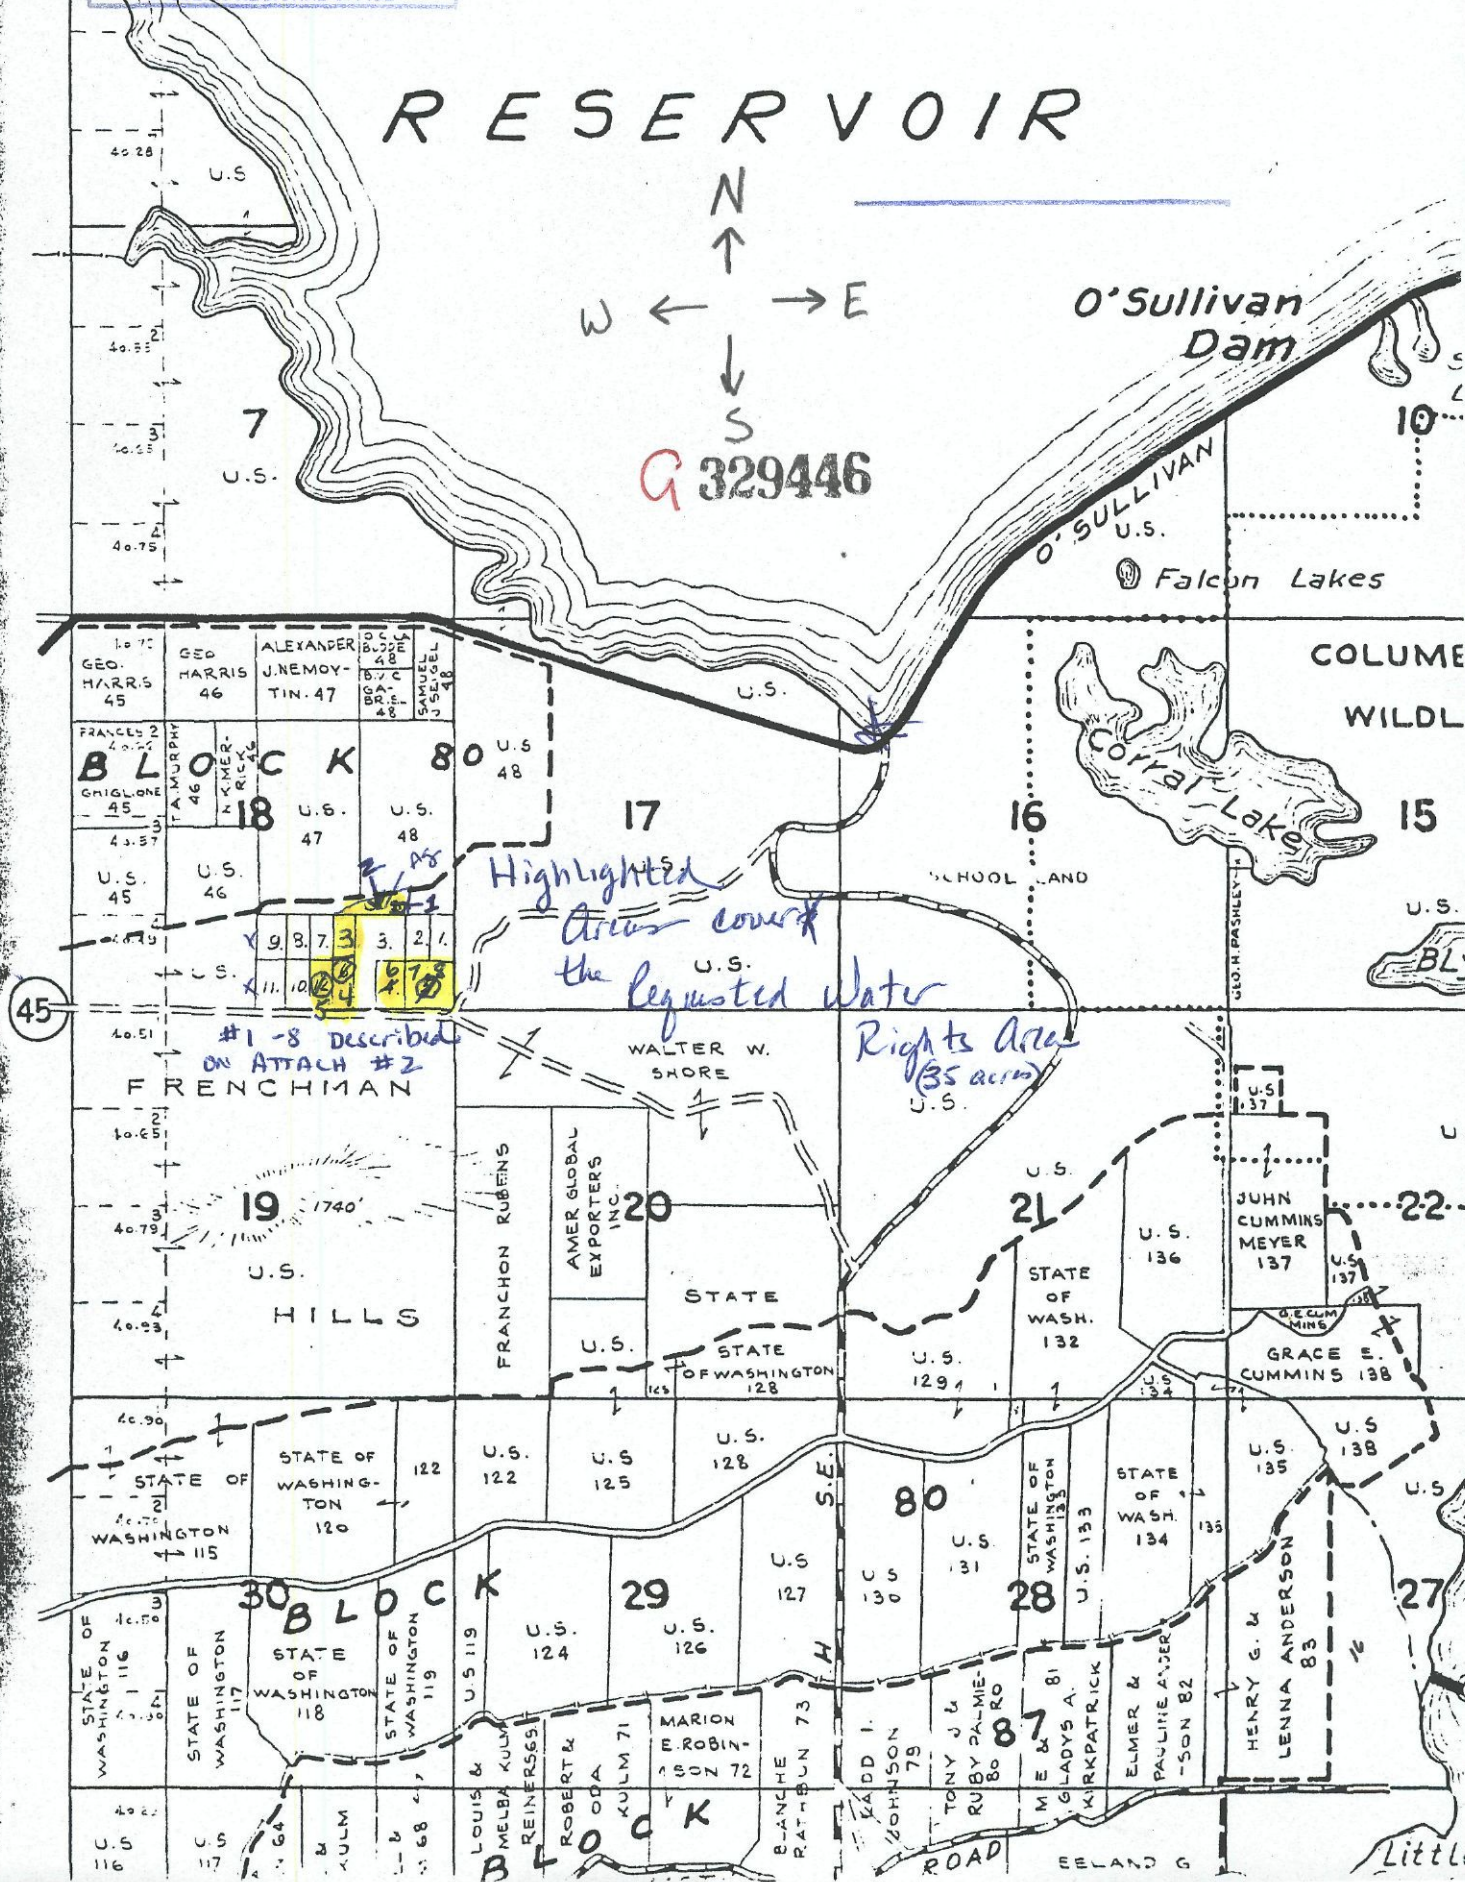

We appreciate your consideration and will be available to answer any questions in a timely manner.

Sincerely,
